please help us find Porsha our beloved tabby cat, last seen 30/6/17 Friday. She comes to her name and is very unlike her to wonder far from home. She is podgy kitty and quite vocal, with large circular like markings and a spotted tummy. We live in karapiro area along lake view drive. Please if you have any information about her please contact 021532249 or 02102813030. Thank you so much.
