

## Peanuts Moggy Minding Service Cambridge Area

Contact Kirsty 021 399708

Does your precious Moggy or a small dog prefer to stay at home in their own environment when you are away overnight or on holiday but they still like attention from a friendly minder.

Do you need your mail and newspapers collected as well or your plants watered?

I can offer this service to you by visiting your home daily and ensuring peace of mind for you and your moggy or small dog.

I have several cats of my own and have always found it hard to get away and find someone reliable to feed my cats and ensure their wellbeing as they have not all been comfortable around other cats and lots of people and are always happier at home.

I have also had 2 dogs that lived to the ripe old age of 17.

All of my cats have either been strays or abandoned and have found their way to me and ended up being part of the family and lived long happy life's.

### Prices

Includes cleaning out litter trays and food bowls and cleaning their immediate eating area
